## The China Triangle: Latin America's China Boom and the Fate of the Washington Consensus

By Kevin P. Gallagher

Oxford University Press. Hardback. Book Condition: new. BRAND NEW, The China Triangle: Latin America's China Boom and the Fate of the Washington Consensus, Kevin P. Gallagher, In less than a quarter century, China has gone from one of the poorest to one of the largest economies in the world. As China grew from a rural economy to the largest industrial powerhouse since the Industrial Revolution, it demanded more and more steel for factories and new cities, copper for electronic wires, petroleum for cars and manufacturing plants, and soybeans to feed people and cattle in a country with an increasing standard of living and diversified diet. Many Latin American countries rode China's coattails and prospered. From the turn of the century when China entered the World Trade Organization until 2013, Latin America served as a strategic location that supplied China with these primary commodities and more, allowing it to log one of the region's most impressive periods of economic growth in a fifty years. In The China Triangle, Boston University political economist Kevin P. Gallagher argues that Latin American nations have little to show for riding the coattails of the "China Boom" and now face significant challenges for the next decades...

### Reviews

*I just started off reading this article publication. This really is for all who statte there had not been a really worth looking at. You will not feel monotony at anytime of your own time (that's what catalogs are for about should you ask me).*

-- Prof. Jeremie Kozey

*It becomes an awesome publication that I actually have actually read. It really is writter in simple terms and not difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- Talia Cormier
