The text can be used on its own. However, the content is ideal for reinforcing grammar, and as a precursor to more advanced bilingual editions. Volume 2 in this series reinforces the fundamentals of the German language and introduces key new grammatical concepts. Grammar charts and notes are included, and can be used for review purposes or as a reference source. The text uses a bilingual sentence structure to tackle grammar. It can be used as an initial source for understanding German grammar, or as a way of reinforcing an alternative text on grammar. However, it can also be read in a relaxed manner without endeavouring to analyse to excess, thus learning key grammatical concepts in a somewhat passive manner. Topics include We are in Germany , In Munich , Sightseeing , At the Consulate , At the Apartment , and Telephone Calls . The digital edition also contains the content in English to German format....
