# WIRELESS COMMUNICATIONS

Book Condition: New. Publisher/Verlag: Springer, Berlin | Future Directions | The past several years have been exciting for wireless communications. The public appetite for new services and equipment continues to grow. The Second Generation systems that have absorbed our attention during recent years will soon be commercial realities. In addition to these standard systems, we see an explosion of technical alternatives for meeting the demand for wireless communications. The debates about competing solutions to the same problem are a sign...
