Reviews

This publication is indeed gripping and intriguing. It is actually written in basic terms and not difficult to understand. I am just pleased to explain how here is the greatest publication we have read through during my own lifestyle and could be the best pdf for at any time.

SURVIVING SURVIVAL: THE ART AND SCIENCE OF RESILIENCE

WW Norton & Co. Paperback. Book Condition: new. BRAND NEW, Surviving Survival: The Art and Science of Resilience, Laurence Gonzales, The shark attacked while she was snorkeling, tearing through Micki Glenn's breast and shredding her right arm. Her husband, a surgeon, saved her life on the spot, but when she was safely home she couldn't just go on with her life. She had entered an even more profound survival journey: the aftermath. The survival experience changes everything because it invalidates all your previous adaptations, and the old rules don't apply. In some cases survivors suffer more in the aftermath than they did during the actual crisis. In all cases, they have to work hard to reinvent themselves. Drawing on gripping cases across a wide range of life-threatening experiences, Laurence Gonzales fashions a compelling argument about fear, courage, and the adaptability of the human spirit. Micki Glenn was later moved to say: "I don't regret that this happened to me. [It] has been .probably the single most positive experience I've ever had.".
