MELDEN. Preface: MY ASSUMPTION, in preparing this volume of readings, has been that the most effective way in which an understanding of ethics or moral philosophy can be promoted is through a reading of the original source materials essays written by outstanding and representative thinkers. In choosing the materials for this volume, I have been guided by several considerations a the extreme importance of presenting fairly complete essays, with as few deletions of material as possible, in order to avoid present ing fragmentary selections that are intelligible only in the light of the omitted context, b the desirability of limiting the selections to those that are most relevant to contemporary ethical theory, and c the importance of includ ing materials from the recent as well as the remote past. The present design, therefore, is not to present a source-book in the history of ethics. Although selections - have been arranged chronologically, there are important omis sions. The most unfortunate of these is Spinoza. Only material from the...
