*Complete guideline for publication fans. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

Improve your Financial Fitness This Year with this handy and inspirational Minimalist Budget Journal! Two Years of Budget Planning in One Journal! Great Value! The Minimalist Budget Monthly Bill Organizer can help you keep your bills organized for the next two years. Start off on the right track and simplify your life and your bills. The interior of the journal contains a place for the month and date and a chart to help you stay organized with all of your bills and expenses. The chart includes a place for each bill, amount, date and a check box for you to check off when the bill has been taken care of each month. Directly following the monthly chart is another chart for One Time Expenses for the month. This is where you would want to write down expenses that may not occur every month. For instance, you can track vacation expenses, car repairs, doctor co-pays and other non-recurring expenses on this chart. Plan in advance and write down expenses for clothing, school pictures or other future needs. Extra graphing paper is provided after each month for additional lists, notes and more planning as you see fit. Feel free to use this extra space for goals or post pictures here.
