Elsevier Science Publishing Co Inc, United States, 2010.

Paperback. Book Condition: New. 2nd Revised edition. 230 x 190

mm. Language: English . Brand New Book. The new edition of

Crew Resource Management continues to focus on CRM in the

cockpit, but also emphasizes that the concepts and training

applications provide generic guidance and lessons learned for

a wide variety of crews in the aviation system as well as in the

complex and high-risk operations of many non-aviation

settings. Long considered the bible in this field, much of the

basic style and structure of the previous edition of Crew

Resource Management is retained in the new edition.

Textbooks are often heavily supplemented with or replaced

entirely by course packs in advanced courses in the aviation

field, as it is essential to provide students with cutting edge

information from academic researchers, government agencies

(FAA), pilot associations, and technology (Boeing, ALION). This

edited textbook offers ideal coverage with first-hand

information from each of these perspectives. Case examples,

which are particularly important given the dangers inherent in

real world aviation scenarios, are liberally supplied. An image

collection and test bank make this the only text on the market

with ancillary support. New material includes:...
