Make a Joyful Noise (Book 1 in the Sing with the Choir series), is the sparkling tale of a choir preparing for a very special Christmas performance of Belshazzar's Feast. We meet a host of characters who are mercilessly sent up by the author: Lucy the staggeringly trusting young music teacher, Tristan the lecherous and vain anti-hero, Miss Greymitt the ageing and slightly confused choir pianist, Claire the shameless and scheming temptress, and singers with nothing but resonance between their ears. Just as all does not run smoothly for King Belshazzar and the inhabitants of Babylon in Walton's music, so the characters in the novel suffer from hopeless yearnings, romantic misunderstandings and the unfortunate consequences of their own misguided actions. All is sharply and wittily observed in a delightful mix of romance, music and humour. The second book in the Sing with the Choir series, The Funny Business of Life, is now available from all Amazon sites. The opening scene is set in 2014, eleven years after the end of Make a Joyful Noise. Both books can be read as standalone titles.
