

Singapore: World City (Hardback)

Filesize: 1.34 MB

Reviews

An incredibly wonderful ebook with perfect and lucid explanations. I really could comprehend every little thing using this written e publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

Tuttle Publishing, United States, 2014. Hardback. Book Condition: New. 307 x 241 mm. Language: English . Brand New Book. With stunning photographs and insightful commentary this travel pictorial and Singapore travel guide captures the dynamism of a remarkable Pacific nation. In just a few short decades, Singapore has transformed itself from a tiny island off the coast of mainland Asia into a global superpower in banking, IT, education, biotech, transportation and many other fields. The fascinating story of how this tiny city-state which has no hinterland, no natural resources, and a relatively small population has achieved success is told in this book. Singapore s history as a British colonial port, its dynamic multi-ethnic population, and its innovative governmental and social structures, are a part of the story. But there are others as well. How Singapore became a regional hub for finance, shipping and air travel, and now also for the arts, sport and leisure--are all showcased in dynamic detail, with over 300 full-color photographs to illustrate graphically how this small island functions like a well-tuned racing machine. Author Kim Inglis, a journalist and long-time local resident, leads the reader on a series of explorations through Singapore s most notable districts and neighborhoods, explaining the growth and importance, and showcasing what they have to offer the visitor. Included are many lesser-known corners of the island which very few visitors ever get to see!.
